

# The Original

## Baby Bear

Yeah!

Got your hands in your pockets, like your ready to pay  
Got your eyes out of socket, like your a mile away  
Mouth shut like a locket, like you've nothing to say

Speak your mind up come on baby free yourself  
Aye! Know what to do it, free yourself  
Aye! Nothin' to it, free yourself  
Yeah! Do let nobody try to steal your soul  
Your the original

So you say your just a lost soul, I know you better than that  
So you say your just a lost in the wash, Oh, I know you better than that  
So you say your just a face in the city race waste and sick of all

Speak your mind up come on baby free yourself  
Aye! Know what to do it, free yourself  
Aye! Nothin' to it, free yourself  
Yeah! Do let nobody try to steal your soul  
Your the original

The original  
Your the original  
The original  
Alright!

Oh oh! Come on now  
Oh oh! Come on now  
Oh oh! Come on now  
Oh oh! Yeah!

Yeah!  
Free yourself  
Aye! Know what to do it, free yourself  
Aye! Nothin' to it, free yourself  
Yeah! Do let nobody try to steal your soul  
Oooh!

Free yourself

Aye! Know what to do it, free yourself  
Aye! Nothin' to it, free yourself  
Yeah! Do let nobody try to steal your soul  
Your the original

Alright!
