It's All True (DSE Dub)

Tracey Thorn

Just this once
Let me tell you youre the sweetest thing
The love in every song I sing
Music in my ears and everythingHappiness writes white
Maybe that isnt true tonight
And things you know you might forget
And other things I havent told you yetClose your eyes, count to ten
Turn around back again
Hit the floor, then once more
Im still hereAnd its all true
And its all trueWe dont need
Any kind of big parade
Just this once, a little serenade
To celebrate this love weve madeWe dont need
Dont need a big fanfare
This is just my heart laid bare
For anyone who might careGo away 'round the world
Talk to all kinds of girls
But its me you wont find
And youre mineClose your eyes, count to ten
Turn around back again
Hit the floor, then once more
Im still hereAnd its all true
And its all true
Do you feel it too?And its all true
And it's all true
Tell me, do you feel it too?
