

# It's All True (DSE Dub)

Tracey Thorn

Just this once  
Let me tell you you're the sweetest thing  
The love in every song I sing  
Music in my ears and everything Happiness writes white  
Maybe that isn't true tonight  
And things you know you might forget  
And other things I haven't told you yet Close your eyes, count to ten  
Turn around back again  
Hit the floor, then once more  
I'm still here And it's all true  
And it's all true We don't need  
Any kind of big parade  
Just this once, a little serenade  
To celebrate this love we've made We don't need  
Don't need a big fanfare  
This is just my heart laid bare  
For anyone who might care Go away 'round the world  
Talk to all kinds of girls  
But it's me you won't find  
And you're mine Close your eyes, count to ten  
Turn around back again  
Hit the floor, then once more  
I'm still here And it's all true  
And it's all true  
Do you feel it too? And it's all true  
And it's all true  
Tell me, do you feel it too?
