Boom! There She Was

[Scritti Politti](#)

The Tupamaros got a platinum card, all right
I got a heart of gold and it's time to get hard and I like it
A Moto Guzzi I gotta way to get rich, all right
I gotta library and a seven day itch and I like itI got money oh, I got around but my life was going nowhere
I was looking for love and I want your love, baby love
When you gonna get me, boom! There she was
I was looking for love and I want your love, baby love
When you gonna get me, boom! There she was for meThe Tupamaros an immutable truth, all right
I got a razor blade and a beautiful youth and I like it
A Moto Guzzi an' a Gaultier pants, all right
I got a reason girl was Immanuel Kant's and I like itI got money oh, I got around but my life was going nowhere
I was looking for love and I want your love, baby love
When you gonna get me, boom! There she was
I was looking for love and I want your love, baby love
When you gonna get me, boom! There she was for mePharmacopoeia I got a way with the [Incomprehensible], all right
I wanna understand how I misunderstood and and I like it
Pharmacopoeia I got a way with the word, all right
I got an' alphabet that you never have heard and I like itI got money oh, I got around but my life was going nowhere
I was looking for love and I want your love, baby love
When you gonna get me, boom! There she was
I was looking for love and I want your love, baby love
When you gonna get me, boom! There she was for meLooking for love now, are you looking for me?
I'm looking for love now, wanted to get you girl
Looking for love now, are you looking for me?
I'm looking for love now, boom! There she was for meAnd I was looking for love and I want your love, baby love
Umm, gonna get me, boom! There she was
I was looking for love and I want your love, baby love
Umm, gonna get me, boom! There she was for meAnd I was looking for love and I want your love, baby love
Umm, gonna get me, boom! There she was
I was looking for love and I want your love, baby love
Umm, gonna get me, boom! There she was for me
