Burn With Me

Signal the Escape

Say that
I?m not the one to blame for this, you?re overreacting
Your eyes lie
With the determination of a street performer
With a beggar?s cup in hand, a beggar?s cup in hand

And this is a celebration of lovers? quarrels
Backstabbing and nights all over someone else?s bed
And I stand for nothing more than this box of burning photos
That light this room and what we had

Drink this gas as I light this cigarette
Tie yourself to the bed and burn with me
Swallow hard, remember what I said
You know you had the best of me

Drink this gas as I light this cigarette
Tie yourself to the bed and burn with me
Swallow hard, remember what I said
You know you had the best of me

So, hold on, baby, don?t go yet
There?s nothing to be scared about
We?re just two young kids that made mistakes
Isn?t that what they?ll say when they find us?

So, baby, let go of the past
Tonight is just the two of us
We?re holding onto
The things they?re never gonna know

Drink this gas as I light this cigarette
Tie yourself to the bed and burn with me
Swallow hard, remember what I said
You know you had the best of me

Drink this gas as I light this cigarette
Tie yourself to the bed and burn with me
Swallow hard, remember what I said

You know you had the best of me

Tell me that you never meant anything you did or said
Tell me that you never meant anything
Tell me that you never meant anything you did or said
Tell me that you never meant anything

Tell me that you never meant anything you did or said (I hope these burns)
Tell me that you never meant anything (are third degree at best)
Tell me that you never meant anything you did or said (your scars are just the beginning)
Tell me that you never meant anything (of all that you deserve)

Tell me that you never meant anything you did or said (I hope these burns)
Tell me that you never meant anything (are third degree at best)
Tell me that you never meant anything you did or said (your scars are just the beginning)
Tell me that you never meant anything

Drink this gas as I light this cigarette
Tie yourself to the bed and burn with me
Swallow hard, remember what I said
You know you had the best of me

Drink this gas as I light this cigarette
Tie yourself to the bed and burn with me
Swallow hard, remember what I said
You know you had the best of me
