

# Never

## Babes in Toyland

Blind your mind  
So tears will melt  
Numb the place  
Where pain is  
Well never  
    No never  
    Well never  
Take a bow  
Before you fall  
    See you crawl  
    Never  
    No never  
Well never  
Gutter saint  
    Save my life  
    Too much time  
Yeah this is mine  
Well I never  
    No never  
    Well I never  
Take a bow  
Before you fall  
    See you crawl  
    I see you crawl  
    See you crawl  
    Well I never  
    No never  
    Well I never
