

I Will Be Loving You

Jesse Powell

Darlin', oh my darlin'
There's something that you should know
That is I love you
And all the things that you stand for Lady, oh my lady
I don't ever want you to go
Because I need you
To be with me forever more And you should know
That our love, love will grow
Oh it pleases me just to say
That we will forever be one Oh baby and I will be loving you I will be there for you
And I'll care for you for as long as you are mine
Baby I will be loving you I will be there for you
And I'll swear to you till the end of all time Sweetie, oh my sweetie
You know that you turn me on
And as we lay here
I'll keep you safe, I'll keep you warm Sugar, oh my sugar
You know you're the one for me
You are my everything
I'll love you till eternity That's how long we'll keep
Keep love strong
Oh it pleases me just to say
That we'll, we'll go on and on and on and on and on Baby I will be loving you, I will be there for you
And I'll care for you for as long as you are mine
Baby I will be loving you, I will be there for you
And I'll swear to you till the end of all time There's no one that cares more about you
There's no one who loves you more
There's no man that would go the limit
Girl your love is worth dyin' for, yeah There's no way I could live without you
Girl you know I'd go out of my mind
[Incomprehensible]
To say that you'll always be mine Baby I will be loving you, oh I will be there for you
And I'll care for you for as long as you are mine, mine
Baby oh baby, oh baby I will be loving you, yes I will
I will be there for you and I'll swear to you till the end of all time Say I'll never mistreat you my darlin'
No I'll never mistreat you my girl
I'd give anythin' and everythin' if you would bring
All your lovin' inside my world I just can't live without you baby
Girl you know it would drive me insane
I'd be a lonely man, a crazy man, a better man

Girl my life would never be the same Baby I will be loving you, yes I will, I will be there for you
And I'll care for you for as long as you are mine
Baby I will be loving you, I will be there for you
And I'll swear to you, end of all time I will be loving you, I will be there for you
And I'll care for you long as you are mine
I will be loving you, I will be there for you
And I'll swear to you, end of all time
