HOLD YOU DOWN

X Ambassadors

We'll be the last ones dancing
When the lights go out
When there's no one to hold you
I will still hold you down
We'll be the last ones dancing
In the faceless crowd
When there's no one to hold you
I will still hold you down
I will still hold you down
Don't talk but you speak so loud
You smile but your eyes roll out
You say someone left you broken
I'm here with the door wide open
No matter what, No matter what (those)
Those were the highs, highs and the lows (for sure)
You're gonna walk, I'm gonna walk (with you)
With youBe the last ones dancing
When the lights go out
When there's no one to hold you
I will still hold you down
We'll be the last ones dancing
In the faceless crowd
When there's no one to hold you
I will still hold you down
I will still hold you down
I'll hold you down
I'll hold you down
I'll hold you downFind me when the parties over
Ride home with your head on my shoulder
Last night's in the rear view matter
Wake up and I'm still right near you
No matter what, No matter what (those)
Those were the highs, highs and the lows (for sure)
You're gonna walk, I'm gonna walk (with you)
With youAnd be the last ones dancing
When the lights go out
When there's no one to hold you
I will still hold you down
We'll Be the last ones dancing

In the faceless crowd
When there's no one to hold you
I will still hold you down
I will still hold you downI'll hold you down
I'll hold you down
I'll hold you down
I'll hold you downAnytime that you fall
I'll be there to pick you up
I'll hold you downBe the last ones dancing
When the lights go out
When there's no one to hold you
I will still hold you down
Be the last ones dancing
In the faceless crowd
When there's no one to hold you
I will still hold you down
I will still hold you down
