

# Park Your Car

## The Junior Varsity

I wanted to tell you  
If you don't make it out  
I wanted to show you  
Here's your ticket out

Been here forever  
Because I've been around  
Said leave for nothing  
Nothing is here tonight

I will be there, I will be there  
Fallin' down tonight  
I will be there, I will be there  
Fallin' down tonight

I wanted to show you  
That I understand  
I've been here forever  
Because I'm holdin' your hand

I will be there, I will be there  
Fallin' down tonight  
I will be there, I will be there  
Fallin' down tonight

And I want to tell you that I'm lying down  
And I want to tell you that I'm lying down  
And I want to tell you that I'm lying down  
And I want to tell you this
