Hi, I'm L and you're an insult
My mouth is always in mode

Watch me go around them like a stencil

Yeah we got that clout
If you wanna talk then come then!
(Cash me ouside [idiot] how bout dah)
Cos I don't really care about the price of your belt
Or where you live or the size of your house
Even all the money in your ISA account
Cos you still got crust at the side of your mouth
Mode

You're in the mood
I'm not the one
So don't get rude

Cos the flow's unwell
We leave them in hospital
They left the scene, Mr Patel
Switch up the flow real quick hella-hella
I will leave a mark on your skin like a henna
Give me the map and I [??]it, acapella
I be spinning rappers around like it a propella
Open up or mind it or open up like an umbrella
Spit a lyric [??] to your fella
I be at the top and you fuckwits are in the cellar
Don't give me the beat until I
Tell ya... when to... change the...

Yes I'm in my mode
Leave me alone
Don't bother ringing up my phone
It's on aeroplane mode
I don't know why they are trying me
Sick of them gal and the rivalry
They be all in my face being nice to me
But secretly they've been despising meCos I'm in my mode
