Hooligan

Wideboys

Don't try to beat 'em up
Just call them all aboard
'Cause when your bark is gone
You're gonna take 'em all head onYour faith is running low
It's too bad you'll never know
But don't be a fool again
'Cause they're just hooligansDon't try and save them all
Just try and break their fall
You want to live among
So don't try and right their wrongsBad news is twice around the world
When good is found
So don't be a fool again
They're just a bunch of hooligansDon't try and lead the race
Like it's a life you saved
'Cause you're all in my face
Like you're from outer spaceAnd though you make 'em laugh
You won't beat the smile you have
So don't be a fool again
They're just a bunch of hooligansYeah yeah yeah
Yeah yeah yeah
Yeah yeah yeahSo don't be a fool again
Don't be a hooligan
You've tried your best to win
Now get on board your wingsDon't think of paying back
Just keep your soul intact
Don't be a fool again
They're just a bunch of hooligansYeah yeah yeah
Yeah yeah yeah
Yeah yeah yeahDon't be a fool again
They're just a bunch of hooligansDon't be a fool again
They're just a bunch of hooligans
Don't be a fool again
They're just a bunch of hooligansDon't be a fool again
They're just a bunch of hooligans
Don't be a fool again
They're just a bunch of hooligans
