Deep Wound

Swervedriver

You've burned your fingers, built your bridges, and see
You burned the (magic?) before you're through with me
Deep wound
Deep wound
I don't know what you expect me to say
My sense of urgency has long gone astray
Deep wound
Deep wound
Too much reveald, you tumble down from your height
An enigmatic force pushed into the light
Deep wound
Deep wound
This (ever undisatisfaction?) tonight
Picking up the pieces of a long lost fight
Deep wound
Deep wound
This isn't one to have no intention to heal
I know that's such a fucked up way to feel
Deep wound
Deep wound
Deep wound
Deep wound
Deep wound
