

# Is This Love (feat. Jordin Sparks)

Alex Gaudino

Intro:

Is this love?

Is this love? Verse 1:

My thoughts keep drifting

I can't keep my mind off you

(Uh yeah)

I stutter when I talk, stumble when I walk

Is this what I should be feeling?

Can't concentrate, can't hardly wait

I wanna know, I wanna know Chorus:

Is this love what I've been waiting for?

Is this love gonna happen tonight? Verse 2:

Don't wanna waste no time if this ain't real

Cause what I'm feeling is amazing

Oh yeah

Voted on a beautiful high

Oh a high, on a high, on a high

Wrapped up to you, I don't know what to do

I wanna know, wanna know Chorus:

Is this love really what we're living for?

Is this love gonna happen tonight?

Uh yeah, yeah, yeah

Is this love what I've been waiting for?

Is this love the love of my life? I wanna feel the meaning of love,

A message that's real, sent from above

(Is this love?)

Straight from the heart,

(Is this love?)

As real as the Sun

(Is this love?)

I'm waiting for love to come

(Is this love?)

(Is this love?) Chorus:

Is this love really what we're living for?

Is this love gonna happen tonight?

Uh yeah, yeah, yeah

Is this love what I've been waiting for?

Is this love the love of my life?
