After Glow

CHVRCHES

All of the black and white
All of the contours
Are laid out before me, now
To leave a traceWith all of the light and shame
We take up our own space
I'll find my own way back
Back to the past tenseA lifeline to highs and lows
To seeing the bright side
And I should know
We wait for the afterglow
To cover the blind side
And I should knowAll of the empty thoughts
All of the outlines
Are laid out before us, now
To leave a traceAll of your words and mine
They keep returning
I'll find my own way back
Back to the silenceA lifeline to highs and lows
To seeing the bright side
And I should know
We wait for the afterglow
To cover the blind side
And I should knowI've given up all I can
I've given up all I can
I've given up all I can
I've given up all I can
