# One of These Days (feat. Ozomatli)

## [Santana](#)

Way down here on these dead end streets
People live in doubt and fear
And it kept them down for oh so long
Now their time is getting nearWell, I don't know where
I don't know how
I don't know when
But I'll tell you right nowOne of these days, you'll cross that line
The people gonna take you by surprise
They're gonna look their leaders in the eye
One of these days, you'll cross that line
The people gonna think with their own minds
They're gonna leave the system for behindHow many of us spend our lives
On the outside lookin' in
Well, it seems they got us all convinced
That we're never gonna, never gonna winI don't know where
I don't know how
I don't know when
But I'll tell you right nowOne of these days, you'll cross that line
The people gonna take you by surprise
They're gonna look their leaders in the eye
One of these days, you'll cross that line
The people gonna think with their own minds
They're gonna leave the system for behindDo you really think we'll ever stop
Lookin' for as brighter day
While it looks today like you're on top
It could never stay that wayOne of these days
One of these days
One of these days
...
