Hands OK

RADIORADIO

Are you OK now?
Hands OK now
Again, tears are in your eyes
But nothing can break you
No truth no liesI did not flinch I held my ground
But it was just another reason for them to knuckle me down
You dress like us but you look like them,
What ever it takes baby to pretendAre you OK now?
Hands OK now
Again, tears are in your eyes
But nothing can break you
No truth no liesAre you OK now
Hands OK now
Plug in!
To the brightest light.
Plug in!
Take a step inside.
