

Tease Me

Chaka Demus & Pliers

Oh yeah, oh darling
She's floating like a butterfly, so charming
Baby girl, she recognize the man in me
Number one in the world
There's something in her eyes like a spell
Getting me hypnotized, ooh LordShe give me one smile, two smile
Three smile, she got me going wild
Worth more than diamonds and pearl
So baby don't change your style
Sweet honey, oh no, no loveTease me, tease me, tease me
Tease me baby, till I lose control
Tease me with your love until I lose control
Take all my body and soul, oh girlWoman your love is like burning fire inna me soul
Woman tease me till me lose control
Woman your love is like burning fire inna me soul
Woman tease me till me lose controlMe ball tease me and take a look me fancy
Right round the clock until me reach climax
And when me reach, me will tell you fi stop
Will ya aim fi de sky and we not turn backBrrrrup baff, you make me heart tick like a clock
Woman tease me and take a look me weak spot
Only your touch can make me, holds me up
When they talk and when we nah take backWoman your love is like burning fire inna me soul
Tease me gal until me lose control
Woman your love is like burning fire inna me soul
Woman tease me till me lose controlSuddenly you think of all the love that I was searching for
Holding confidence that will never, never fail
Hearing angel voices, singing love prevail, ooh darling, ooh yeah

Tease me with your love until I lose control
Take all my body and soul, oh girlHear me now, I will never forget the first time we kissed
It's like striking goal, catching a big fish
Yes, you are on top of my romance list
Second to none, you defeat the favoriteWoman your love is like burning fire inna me soul
Woman tease me till me lose control
Woman your love is like burning fire inna me soul

Woman tease me till me lose control
And even if my mind should resist, oh yeahTease me, tease me, tease me
Tease me baby, till I lose control
Tease me with your love until I lose control
Take all my body and soul, oh girlYeah, yeah, yeah, oh
