

Map of Your Body

New Found Glory

Things are looking up now the stars are in line
I prefer apologies I'm breathing passed your fucking lines
Finally looking up finally keeping you in mind
You can take advantage of me thinking out of time And all I know you'll never find a way out without me Stuck
hearing you repeating lies
It's ok to patch in the pyramid
With tearing eyes
Keep it up you will never realize
All the friends you're losing
No let up in time And all I know you'll never find a way out without me
Oh I know you'll never find a way out There's a map of your body hanging over my head
It's a curse not having you to hold once again
By the time I figure this all out you let me go
Oh oh woah oh woah Now our time is up now were exchanging goodbyes
It was better before, before that meaningless kiss
Waking up hiding all the evidence I know it's a fact you found more than you ever did
And all I know you'll never find a way out
Without me
Oh I know you'll never find a way out There's a map of your body hanging over my head
It's a curse not having you to hold once again
By the time I figure this all out you let me go
Oh oh woah There's a map of your body hanging over my head
It's a curse not having you to hold once again
By the time I figure this all out you let me go Oh oh woah oh woah I remember like it was yesterday
When it was you and me against the world Woah I remember like it was yesterday
When it was you and me against the world And all I know you'll never find a way out
And all I know you'll never find a way out Without you There's a map of your body hanging over my head
It's a curse not having you to hold once again
By the time I figure this all out you let me go Oh oh woah There's a map of your body hanging over my head
It's a curse not having you to hold once again
By the time I figure this all out you let me go Oh oh woah oh woah
Oh oh woah oh woah
