Crabbing

Zammuto

You see? What did I tell you about people!?
You can't trust 'em! You can't even depend on 'em!
They're leaving!Now, what do you think of the, human race.
They can't wait to get outta this place.
They leave us when we're down
Oh I knew they would.
So if you're sorry don't come crabbing to me.
Brother don't come crabbing to me.
