

Make You Feel Good

Fetty Wap

Yah, God damn
Yah, God damn Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Yah, hey God damn)
Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Yah, woah, God damn)
Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Woah, hey, hey, God damn)
Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Woah, hey, hey, God damn) Ay, look, I ain't tryna waste your time
And she fine
And her other nigga made it hard to find her
He tried to confine her
Ain't let her come outside
And that's why I keep her shining, yeah
She love how I make her feel inside
And she beautiful outside and
Girl I had to remind you baby
Ay, and he mad that you mine too baby
Ay, I'm so happy that I found you baby Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Yeah baby)
Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Girl I make you feel baby)
Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Girl I make you feel baby)
Why you think you wastin' my time?
Make you feel good, does it make you feel good?
(Yeah baby, ay, ay) I need a chance, let me lay you right
Licking you on ice
Do it twice, type of shit she like
Leavin' on the lights
See a lamp, shawty say the word
Find her in the night

What you like?

All I got is time, I'ma spend it right

In the hills I just roll the wood, I just need a light

If it's cool, you could bring a bag, let you spend the night

All that bullshit, I ain't on that, cause you right

In Chanel bags, coppin' car keys, shit you like Why you think you wastin' my time?

Make you feel good, does it make you feel good?

(Yah, hey God damn)

Why you think you wastin' my time?

Make you feel good, does it make you feel good?

(Yah, woah, God damn)

Why you think you wastin' my time?

Make you feel good, does it make you feel good?

(Woah, hey, hey, God damn)

Why you think you wastin' my time?

Make you feel good, does it make you feel good?

(Woah, hey, hey, God damn)
