Girl

Papas Fritas

Girl, don't be afraid, say what you wanted to say
Boy, stay, don't be afraid
Don't walk away from a girl in love
She'll call your bluff, and stay away until you say

Girl, I think I can change
I've learned just enough and I want to love
Stay, here's what I'll do
I made up my mind and I'll wait for you
If you'll be true, I'll try to live my life for you oh girl

Girl, wait, fate doesn't change
I've made up my mind and I'll stay
