

Keep My Secret Well

[Xandria](#)

Keep my secret well
Like my eyes keep these tears
It's raindrops on my face
A thunderstorm has led me hereKeep my secret well
Like my lungs keep on breathing
Until I close my eyes
The last time it's beneath meFot the case all is past and gone
I'll keep my smile and carry on
Don't ask for moreKeep my secret well
See how deep I fell
Keep my secret well
And I won't ask you for more
