

Alive

Drugstore

I fell the time is coming
I walking to the night Oohh!
I don't mind if the clock is turning
I going to the other side
You are go die or you keep on burning...Alive
And die burning
I walk to a long, long distance
I felling sore inside Oohh!
I don't care if the sky is falling
I never get to see a light
You are go die or you keep on burning...Alive
And die burning (2x)
