

Peroxide Swing

Michael Bublé©

Grab a gal. You're gonna, gonna make her spin and swirl
You jump and jive'n gonna make her twirl
You're swingin' now!

It's alright to want to, want to, want to hold her tight

You're dancin', dancin', dancin' through the night
You're swingin' now!

Make your move, take a chance, just get on that floor and dance!
Don't be cool, don't be slick, you just keep on swingin', keep on swingin'

Keep on swingin' swing!
Grab a guy. You tell him, tell him, tell him don't ask why,
You're gonna move him, make him jump and jive
You're swingin' now!

It's ok to try, try to, try to hear 'em play
You're movin', shakin' sexy all the way
You're swingin' now!
Make your move, take a chance, just get on that floor and dance!

Don't be cool, don't be slick, you just keep on swingin', keep on swingin'
Keep on swingin' swing!

Make your move, take a chance, just get on that floor and dance!
Don't be cool, don't be slick, you just keep on swingin', keep on swingin'

Keep on swingin' swing!
