

# Tail Lights Blue

[Alan Jackson](#)

You got the last of all your stuff  
You got your car cranked up  
And I guess there ain't a thing that I can say  
I'm thinking as I'm standing here  
And suddenly it all comes clear  
As I watch you drive away They should have made tail lights blue  
So when I see them go  
They'll look the way I do  
Just a pale blue glow  
They should have made I can't stay  
Sound like I love you  
You know they should have made tail lights blue I know it's gonna take some time  
To get you off my mind  
And forget how happy we once were  
I don't know how to bring you back  
And as a matter of fact  
The only thing I know for sure is that they should have made tail lights blue  
So when I see them go  
They'll look the way I do  
Just a pale blue glow  
They should have made I can't stay  
Sound like I love you  
You know they should have made tail lights blue
