Please Don't Fall In Love

[Cliff Richard](#)

I know that you're with him just now as I write
I know you need someone to hold you at night
But I'm begging you, baby, please don't fall in loveI knew it might happen when I was away
And now that it's happened, I just want to say
That I'm begging you, baby, please don't fall in loveI'm usually strong but I'm feeling so weak
It wells up inside me, I cry when I speak
But the more I call you on the phone
The more I feel alone and the less we have to sayI know that you're with him just now as I write
I know you need someone to hold you at night
But I'm begging you, baby, please don't fall in loveI knew it might happen when I was away
And now that it's happened, I just want to say
That I'm begging you, baby, please don't fall in loveWe kissed at the airport, we said we could wait
I believe it is we who determine our fate
And I love you more than I can say
Don't throw it all away, don't let it go byI know that you're with him just now as I write
I know you need someone to hold you at night
But I'm begging you, baby, please don't fall in loveI know you don't tell me, to spare me the pain
Don't want you to tell me, I don't need his name
But I'm begging you, baby, please don't fall in love
