Rotten to the Core

[Rudimentary Peni](#)

Have you Realised that Rock Stars
Always seem to lie so much?
John Lydon once said he cared
But he never really gave a fuck
Said he'd use the money he made
So that people would have somewhere to go
But now he lives in the USA
and Snorts Coke after the Show.Why is it that Rock Stars
Always seem to lie so much?
Joe Strummer once said he cared,
but he never really gave a fuck
Said he'd use the money he made
To set up a radio station to make the
Airwaves full of something more than Shit
Have you noticed we're still Waiting?You must realise that Rock Stars
Always seem to lie so much
Some will always tell you that they care,
But they don't really give a fuck,
Still you suckers don't ever learn
That rock stars deal in money not truth
It's good Buisiness to exploit you
Just look at Lydon or Strummer for Proof.
