

Walk On Me

Ben Kweller

Sometimes I wonder if you're still here
Lookin out for anything that could fall and hit your head
Fluorescent lights burn out in time dear
We see the world in a different light, did you give up? Love ain't supposed to be this bad
Make you cry mega ultra sad
If I told you you're all I ever had
Would you walk on me? Because I wouldn't walk on you If I was in your shoes, I wouldn't walk all over you
So please don't walk all over me yeah, yeah
If I was in your shoes, I wouldn't walk all over you
So please don't walk all over me Right now I feel like it's all ending, spit me out sell me cheap
You'll never ever ever ever ever teach me to fly
In the sky it's early and still mornin
All those smiles you made wanted to cry, 'cause you gave up, that's right Love ain't supposed to be this bad
Make you cry stupid shady sad
If I told you, you're all I ever had
Would you walk on me? Because I wouldn't walk on you If I was in your shoes, I wouldn't walk all over you
So please don't walk all over me yeah, yeah
If I was in your shoes, I wouldn't walk all over you
So please don't walk all over me If I was in your shoes, I wouldn't walk all over you
So please don't walk all over me yeah, yeah
If I was in your shoes, I wouldn't walk all over you
So please don't walk all over me, please don't step all over me, yeah
