Down So Low

HOLLY PALMER

When you went away I cried for so long
I wanted you to stay but that was all wrong
The pain you left behind has become a part of me
And it's burnin' out a hole where my love used to beBut it's not losin' you
That's got me down so low
I just can't find another man
To take your placeNow you know I love you but that wasn't enough
We both fell apart when things got too rough
I've learned how to give now, but what good does it do?
When no one can touch me the way you used to doBut it's not losin' you
That's got me down so low
I just can't find another man
To take your placeNow I know that your opinion of me isn't too good
But please try to understand I would change if I could
And now this coldness inside is starting to build
A woman can't be a woman unless she's fulfilledBut it's not losin' you
That's got me down so low
I just can't find another man
To take your place'Cause no one can...
