## DEERDUSâ€

My baby did a low down dirty thang

My baby turned my mind to mush

She took my liquor and left me the can to crushMy baby did a low down dirty thang

She had the gangster lean lookin' a little flushed

She took my liquor and left me the can to crushMy baby did a low down dirty thang

My baby turned my mind to mush

She took my liquor and left me the can to crushMy baby did that low down dirty thang

My baby workin' gangster lean lookin' flush

The bitch took my liquor and left me the motha can to crush
