Chakuza

You won't have to wait in line
Watch them wheel her in
All she can see is white
face down on a mattress
hurry doctor young, won't want to miss the party
Ankle films are back on cupid
a singing telegram slipped on some ice
we need a doc in radiology
inject an IV contrast
a patient named jones
BP's 50 over 70, BP's 90 over 50, pluse is 120
Pupils fixed and dilated she's beginning to flat line
she's not going to make it
i can feel your heart stop
change the paddles to 15: CLEAR
we need a bandage to stop the bleeding
