

Me Wise Magic

Van Halen

I know what you're thinkin'
What you're thinkin' is easy to see
I know what you're dreamin'
I have those same dreams Reach up to the feet of God
Lookin' for a sign
It was right here all the time, time, time, time
I am you and you are me (Do you believe?)
Don't ya trust me? Me wise magic
Baby just hold on
(If you could see)
Through my eyes, me wise magic
Hold on I feel you breathin', don't you trust me
(Trust me, trust me)
I feel you agreein', I know what you need Don't you lie, just you listen to me
My words at best to you
A fortune coo-coo-cookie
(Who are you and where are we?) (Do you believe?)
Don't ya trust me? Me wise magic, yeah yeah, oh oh
(If you could see)
Straight through my eyes, me wise magic A little Zen headed in your way
You'll get it halfway down the interstate
Four days from now, it all goes clear
A Buddhist riff for your inner ear (Do you believe?)
Don't ya trust me? Me wise magic
Yeah yeah, oh yeah, oh
(If you could see)
Straight through my eyes, me wise magic, oh (Do you believe?)
Tell me you believe, do you believe? Oh, yeah
(If you could see)
Me wise magic
(Do you believe?)
Me wise magic
(If you could see)
Me wise magic
