

Remix This Heart

Kenny Lattimore

Ain't nothing new underneath the sun
But you could be the one
Ain't seen nothing quite like you
Aah you make me feel like I could be done
Girl this could be it
I just might come here to you Classic hip-hop with your Bamboos Reeboks
You switch it up (just like that)
Ain't nothing to it (you do it)
All of these girls are temp too
I know I could be infatuated
But if that is the case, then I don't wanna face it Oh, remix this heart of mine
You bring that brand new
Re, re, mix my old school
Re, re, mix my old school Oh, remix this heart of mine
You bring that brand new
Re, re, mix my old school
Re, re, mix my old school You're the baddest, you're the baddest thing I've ever seen
You're body's right, you're body's right
Good God you walk so mean
I'm always thinking bout you, thinking bout you
Could have anything you want from me girl
Only if you knew It's hard to pinpoint what it is about you
That captivates me most
And you're not the type to boast
Your quite confidence could fill any room
You're far from insecure
Your position is for sure baby Classic hip-hop with your Bamboos Reeboks
You switch it up (just like that)
Ain't nothing to it (you do it)
All of these girls are temp too
I know I could be infatuated
But if that is the case, then I don't wanna face it Oh, remix this heart of mine
You bring that brand new
Re, re, mix my old school
Re, re, mix my old school Oh, remix this heart of mine
You bring that brand new
Re, re, mix my old school
Re, re, mix my old school You're the baddest, you're the baddest thing I've ever seen
You're body's right, you're body's right

Good God you walk so mean
I'm always thinking bout you, thinking bout you
Could have anything you want from me girl
Only if you knew
