Do What You Want To Do

Adema

Where will we go?
Where will we go?Sign away all of my decisions
Tell when I breed
Terminate opinions
I dream away my freedom to please you
Let them talk so they feel important
They don't mean a thing, this is my own dream
Why do you have to put this on me?(Where will we go?)
I'm a mess
(Where will we go?)
I'm a messDo what you want to do
Where the fuck you want to do it
Try hard to live your life
Live life the way that you want
Do what you want to do
Where the fuck you want to do it
Try hard to live your life
Live life the way that you wantLife's okay, so don't complain
You can't obtain, figure out how to maintain
It's a shame, make a change
So life will never ever find me down
Found out just what it's really all about
Never doubt, I wish I could get out
Why do you have to put this on me?(Where will we go?)
I'm a mess
(Where will we go?)
I'm a messDo what you want to do
Where the fuck you want to do it
Try hard to live your life
Live life the way that you want
Do what you want to do
Where the fuck you want to do it
Try hard to live your life
Live life the way that you wantFind a way
Repeat(Where will we go?)
I'm a mess
(Where will we go?)
I'm a messDo what you want to do
Where the fuck you want to do it

Try hard to live your life
Live life the way that you want
Do what you want to do
Where the fuck you want to do it
Try hard to live your life
Live life the way that you want
