Trapped In Hell

Sacred Steel

Preparing virgin sacrifice
she's lying awake
the fear of dying in her eyes
trapped in hell
there's no salvation
whispered screams
turning to cries of deep frustrationHe will take your mind
your life is in his hands
now watch the dagger rise
beginning of the endAltar stained with crimson life
her blood is spilled to call forth
Lucifer to rise
Drowning in pain desperation
awaiting death
and everlasting hell damnationPriest of evil
chanting praise again
maiden victim
die by his commandDark and grim nightmare
this vision seems so real
in his demonic lair
you're in for the kill
giving holy blood
killing helpless prey
Satan is your god
and death the price to payPriest of evil
chanting praise again
maiden victim
now she burns in hellA bride for those who dwell
in the flames of hell
a whore for those who fell
maiden trapped in hell
