The Next Big Thing

The Dictators

I used to shiver in the wings
But then I was young
I used to shiver in the wings
Until I found my own tongueI sock 'em everywhere that I sing
'Cause you know baby
I'm the next big thingI knocked 'em dead in Dallas
And I didn't pay my dues
Yeah, I knocked 'em dead in Dallas
They didn't know we were JewsI sock 'em everywhere that I sing
'Cause you know baby
I'm the next big thingI'm a fuel injected legend
I don't wanna be a bore
I just wanna live a rich life
And I wanna die poor, poor, poor, poor, poor, poor
Sorry baby, I just can't get it on anymoreBut I won't be happy
Till I'm known far and wide
With my face on the cover
Of the TV guideI sock 'em everywhere that I sing
'Cause you know baby
I'm the next big thing
