## Asking Alexandria

[Intro]

As the seconds turn into days  
We will never be the same[Verse 1]  
I told you once and I won't say it again  
You never meant a thing to me, a means to an end  
If we can't change the past then why should we care?  
I don't give a fuck if you're here or you're there  
Your God damn beliefs have made you go blind  
Your ego, your fame they have poisoned your mind[Chorus]

So take, take, take all your memories  
Cause I don't want 'em I don't need 'em  
So stay, stay, stay the hell away from me

The truth is I'm moving on  
So take take take all your memories  
Cause I don't want 'em I don't need them  
Stay stay, stay, the hell away from me[Verse 2]

So get the fuck out, fuck out  
You'll take this to your fucking grave

Fuck off, fuck off

I thought you'd never make it out alive[Interlude]  
You self righteous, sacrilegious, fucking cunt  
Your unintelligent, irrelevant ramblings are falling upon deaf ears  
How can you be the voice of a generation  
When the only voice you listen to is in your own fucking head?[Chorus]

So take, take, take all your memories  
Cause I don't want 'em I don't need 'em  
So stay, stay, stay the hell away from me

The truth is I'm moving on  
So take take take all your memories  
Cause I don't want 'em I don't need 'em  
Stay stay, stay, the hell away from me

I'm moving on[Breakdown]

Hell yeah, so we came here to stay  
And none of you can fucking take this away  
Fuck yeah, here's what I have to say  
Goodbye and so long, it's the start of a new day[Bridge]

As the seconds turn into days  
We stand together  
We will never be the same

We stand together  
As the seconds turn into days  
We stand together  
We will never be the same  
We stand together[Chorus]  
So take, take, take all your memories  
Cause I don't want 'em I don't need 'em  
So stay, stay, stay the hell away from me  
The truth is I'm moving on[Bridge]  
As the seconds turn into days  
We stand together  
We will never be the same  
We stand together[Outro]  
Hell yeah, so we came here to stay  
And none of you can fucking take this away  
Fuck yeah, here's what I have to say  
Goodbye and so long, it's the start of a new day
