

# Take Me As I Am

[Holly Starr](#)

Take Me As I Am(verse)  
Six a.m. was early today  
Didn't even say hello or good morning  
Just put on those shoes of mine  
and got on my way in the nick of time(pre-chorus)  
I'm supposed to be in love with You  
Why do I fail You all the time  
I'm supposed to be in love with You  
but I'm afraid that it's a lie(chorus)  
But You take me as I am  
and wrap me in majesty  
You take the sin I am  
and purify me  
Oh Jesus, How can You do this for me(verse)  
Now that the day is over  
I sit here alone on my bed  
I wanna hear Your whisper  
Pierce through the voices in my head(bridge)  
You found me  
You want me  
You save me  
You wash me  
Your blood has taken me in
