

# Come to Rest (Hesychia)

## Blindside

Sit down in the carousel  
Up front like a brave boy  
Don't scream like a little girl  
Shut up boys don't cry Come to a rest that flows  
From a spring unseen  
Cause honestly you're scaring me Keep up with the schedule  
Shape up, have to perform  
Hold out for everyone  
Dont fail, not now Come to a rest that flows  
From a spring unseen  
Cause honestly you're scaring me Failure is not a option  
Have to keep on trying So much to live up to  
So many expectations  
Tring so hard to be a approved  
A straight A student with yet another F  
Oh no gotta make daddy proud now Come to a rest that flows  
From a spring unseen  
Cause honestly you're scaring me Failure is not a option  
Have to keep on trying  
So much pressure  
Can't take this no more  
The cause of death  
Suicide
