

Placebo

Kidneythieves

no more wishing wells that never come around
no more growing trees without a groundone, to take
 one, to fly
 one, to make
use of all the treasure inside
 one, too late
 act surprised
 one, to play
and say it was just in your mindon and on, hearts burn determinedone to take (breathe in a neptune sky)
 fly (through hands of animals)
 play awake
it killed the craving for the remedy they made you buyon and on, hearts burn determinedhere's a placebo
 pick a placebo
no more sapphires burnedno more wishing wells that never come around
 no more growing trees without a groundone to take
 one, to fly
 one, to play
here's a placeboon and on, hearts burn determined
