

Anything's Better Than Feelin' the Blues

Martina McBride

I sent myself a dozen roses
Right before the office closes
Just to make my girlfriends green with envy
Ever since I lost you
All the crazy things I do
I didn't even know I had it in me
oh but Hey, it's all right
It's just another Saturday night
Got nobody, got no nothin' to lose
I'm gonna get dressed up and go downtown
Spread a little misery round
Hey, anything's better than feelin' the blues
Found a restaurant on my way
I told 'em it was my birthday
Just to hear the waiters sing off-key
Sprung a loose wire that's a fact
Got a strange little monkey on my back
But I kinda like the company and I guess
Hey, it's all right
It's just another Saturday night
Got nobody, got no nothin' to lose
I'm gonna get dressed up and go downtown
Dance a little monkey around
Hey, anything's better than feelin' the blues
Hey, it's alright
It's just another Saturday night
Got nobody, got no nothin' to lose
I'm gonna get dressed up and go downtown
Live it up and never live it down
Hey, anything's better than feelin' the blues
hoo hoo
Hey, anything's better than feelin' the blues
