I Wasted My Tears

Dolly Parton

I wasted my tears
When I cried over you
I wasted my tears
When I cried over you
I should've known
You would never be true
I loved and I lost you
Now I'm so blue
I wasted my tears
(Wasted my tears)
When I cried over you
You said that you loved me
(You said that you loved me)
And you would be true
(And would always be true)
But now you've left me
(Now you gone 'n' left me)
Oh, what will I do
(Oh, what will I do)
Oh, why did you leave me
For somebody new
I wasted my tears
(wasted my tears)
When I cried over you
I wasted my tears
Wasted my tears over you
I wasted my time
When I spent it with you
But one is so blind
When love is so new
Now all of my fears
Have come true
I wasted my tears
(Wasted my tears)
When I cried over you
I wasted my tears
When I cried over you
