Who Do You Love

The Pointer Sisters

Driving off in the rain and snow
Oh the jets ain't jumping cause the clouds too low
I wanna know
I wanna know
I wanna know
The ice on the window the highway the sea
Who do you love is it him or is it me
Hey hey I wanna know

I called Detroit city on the telephone
The man on the line tell me you ain't home
I wanna know
Who's that voice
What's
There's a deep red glow in the early morning sky
Who do you love better make up your mind

Don't wanna buy love
Don't wanna try love
I just want your love babe

Hey alright

Well its five in the morning and the place is dead
I'm gonna rest my body on a empty bed
Who do you love
I gotta know
What's his name baby
What's your game
Make up your mind are you his are you mine
When you get back I ask you one more time
Hey hey
Hey hey
