

# Things Fall Apart

## RISK!

Came into the darkness from out of the blue  
I don't know much but I know what to do  
Froze in my mind, I believed it so long  
Alright, I'll admit I was wrong Stay out of my nightmares, stay out of my dreams  
You're not even welcome in my memories  
And things are alright and I want what I've got  
It's only momentarily thought Fade out, fade out  
Fade out, fade out  
Fade out, fade out  
Fade out, fade out If no one thinks of no one  
Then no one believes in no one  
And no one fucks with no one  
Then no one's afraid of no one We've all seen enough, now it's time to decide  
The meekness of love or the power of pride  
It doesn't matter if you're good or smart  
Goddamn it, things fall apart Let's go for a walk, yeah, let's go for a drive  
Don't know how to say thanks for being alive  
Let's go for a lifetime, let's go for a fling  
Don't know how to say anything
