

# Sometimes

## Mindwalk Blvd

150,000 Deaths a day  
With the tools we made  
We can't set free

Sometimes we always wish for,  
What we know to be true  
Sometimes we always hope for  
What we know to not be abused

This game of life  
Will never hold true  
Just as long as  
We refuse to break through  
Give me your guide  
Break the truth  
Just remember your part of it too
