

The Music That We Hear (Moog Island)

Morcheeba

Sometimes I get up feeling good
But greed gets me down
I try to think about the highs
The freedom we've found When the business in your life
Don't sit with your soul
And they treat you like a child
They need to control The music that we make
Will heal all our mistakes and lead us
The music that we hear
Is always standing near to feed us We're all gonna rise above
All things that we lack
Good vibrations that we make
Will come bouncing back The music that we make
Will heal all our mistakes and lead us
The music that we hear
Is always standing near to feed us The music that we make
Will heal all our mistakes and lead us
The music that we hear
Is always standing near to feed us The music that we make
Will heal all our mistakes and lead us
The music that we hear
Is always standing near to feed us
