

# King & Queen

## John Legend

From the very first time  
Back when  
I met you  
At school  
I looked  
In your eyes  
Saw something  
Special in you  
We inspire that we  
We'll be American dream  
Escape this reality  
Come start a new one with me  
We could be  
Neighborhood royalty  
Or much more  
Than that  
You'll see  
We're making history  
We'll go  
To the mass  
Fly to heaven  
And back  
The highest heights  
Imagine  
Yes, we can do  
All of that baby

La, la, la,  
La, la, la  
La, la, la  
La, la,  
We could be  
King and queen someday  
La, la, la,  
La, la, la  
La, la, la  
La, la,  
We'll never  
Throw our

Dreams away

We'll make  
This picture complete  
Start a new family  
A boy  
That looks just like you  
A girl  
That looks just like me  
And each day  
That they grow  
We'll teach them  
All that we know  
Help me show  
Them the way  
We'll show them  
We're not afraid  
To be free  
The only thing  
That should be  
The fliest fantasies  
The highest  
They can dream  
Grab hold  
To my hand  
Say that  
You'll be my man  
Someday  
You'll be my king  
And baby  
I'm your  
Queen to be

La, la, la,  
La, la, la  
La, la, la  
La, la

We could be  
King and queen someday  
La, la, la,  
La, la, la  
La, la, la  
La, la  
We'll never  
Throw our

Dreams away

Cities may crumble

The world

Is in trouble

But we'll

Be in love

(We're in love)

And we'll rise

Above it

(Rise above)

Each of our people

Pray for a leader

(Pray)

I know we will be someday

Someday

Someday

Someday

Someday

La, la, la,

La, la, la

La, la, la

La, la

We could be

King and queen someday

La, la, la,

La, la, la

La, la, la

La, la

We'll never

Throw our

Dreams away
