Pools - Kwes. Rework

Glass Animals

We float before the sea and eyes
Getting heavy mixing glitter thighs
I smile because I won't do
I smile because you won't doWe sip the wind through lips alive
And added cones won't whistle lone
I smile because I won't do
I smile because you won't doPut flowers in your hand
Wrap pretend around my chest
I smile because I won't do
I am your boreSink my little soul for you
And talking
I said I've been through a lot of noise
The manner that he drinks in twos, enjoys
We're utterly agreed in which to warDown by the shore a funny foe
Who bit my wings and ate them whole
He left before I come through
You left before I come throughWe took the heals into trees
I hid my hand and bit the leaves
You left before I come through
You left before ISink my little soul for you
And talking
I said I've been through a lot of noise
The manner that he drinks in twos, enjoys
We're utterly agreed in which to warDrinks are stale, fell through the beat
Wrapped in life and ultra-green
Ooze teamed with tiny feet
And world of tied up memoriesYou left before I got to you
You left before I got to you
You left before I
You left before ITook the flowers from your hand
Bowed to me and kissed my hand
Did before I, did before ISink my little soul for you
And talking
I said I've been through a lot of noise
The manner that he drinks in twos, enjoys
We're utterly agreed in which to warSink my little soul for you
And talking
I said I've been through a lot of noise
The manner that he drinks in twos, enjoys

We're utterly agreed in which to warI smile because I won't do
I smile because I won't do
I smile because I won't do
I smile because I won't do
I smile because I won't do
I smile because I won't do
I smile because I won't do
I smile because I won't do
