# Julie

## Phil Driscoll

Julie come back to me
Julie come back to me
Because I could be, I could be
I could be, I could be your dream
Caught in the pouring rain
A smile in your picture frame
Because I could be, I could be
I could be, I could be
I'm not gonna lie when you saw me that night
And asked me if I'd like to dance
I could not believe you would settle for me
Now this is out of my hands so give me a chance
Julie believe in me
Julie believe in me
Because I could be, I could be
I could be, I could be
I'm not gonna lie when you saw me that night
And asked me if I'd like to dance
I could not believe you would settle for me
Now this is out of my hands so give me a chance
