

Heavy Duty/Defenders Of The Faith [Live]

Judas Priest

Bonus Track - Live at The Sports Arena, Long Beach CA 1984]

Love to writhe and sweat
You think that this feels good I know you like it hot
Feel your body quake
Red-hot licks in the palm of my hand
You ain't felt nothin' yet As we hit the promised land
I'm heavy duty
We'll rise inside ya till the power splits your head Let's all join forces
We're gonna rock ya till your metal hunger's fed
And prove to all the world
Rule with iron hand
Metal rules the land
We are defenders of the faith We're heavy duty
So come on let's tell the world
